

FIELD COMPOST

High Quality Products Made in East Anglia

Field No.7 Premium Seed Compost

Product Specification

Field No. 7 Premium Seed Compost

Description

Premium grade seed compost graded and blended specifically for the planting of seeds and young plants.

- **Field No.7** Tried and tested specific purpose growing media used by amateur and professional growers across the UK.
- **Field No.7** Finely graded for seed planting.
- **Field No.7** Added fertiliser sufficient for the germination of seeds and the early establishment of young plants.
- **Field No.7** Contains a natural supply of slow release nutrients and trace elements resulting in stronger and healthier root development.

- **Field No.7** Excellent water holding and re-wetting properties.

Directions for use

For Seed Sowing:

1. Fill a tray or pot with Field 7, level and gently firm down below the rim of the container.
2. Sow seeds according to suppliers recommendations.
3. Water gently and keep moist and warm under a sheet of glass or polythene.
4. Keep warm and shaded until germination takes place, then remove covering and place in warm sun lit area, avoiding direct sun light.

See overleaf for typical physico-chemical properties and nutrient content

Field No.7 Premium Seed Compost

Product Specification

Typical physico-chemical properties and nutrient content

Parameter	Value	Unit	Method Reference
Electrical Conductivity	<600	μS/cm @ 20C	BS EN 13038
Bulk Density	500-600	kg/m ³	BS EN 12540
pH	6.0	N/A	BS EN 13037
Total Extractable Nutrients			
Nitrate as N	3800	mg/kg	Fresh Weight
Phosphorus as P	1400	mg/kg	Fresh Weight
Potassium as K	1600	mg/kg	Fresh Weight
Sodium as Na	120	mg/kg	Fresh Weight
Magnesium as Mg	600	mg/kg	Fresh Weight
Sulphur as S	600	mg/kg	Fresh Weight
Boron as B	1.4	mg/kg	Fresh Weight
Copper as Cu	9	mg/kg	Fresh Weight
Iron as Fe	2450	mg/kg	Fresh Weight
Manganese as Mn	120	mg/kg	Fresh Weight
Molybdenum as Mo	4.5	mg/kg	Fresh Weight
Calcium as Ca	4000	mg/kg	Fresh Weight
Chloride as Cl	100	mg/kg	Fresh Weight
Zinc as Zn	20	mg/kg	Fresh Weight
